

The Justice Team is a gathering of people who engage in advocacy and awareness around important issues in social and racial justice in our community.

The Equal Justice Initiative is committed to ending mass incarceration and excessive punishment in the United States, to challenging racial and economic injustice, and to protecting basic human rights for the most vulnerable people in American society.

The Portico Community is a non-conventional church whose mission is to make God's Love Real through spiritual practices and to serve the city and world in ways that address equality, housing insecurity, and economic challenge. We are a community of Hyde Park United Methodist.

A Pilgrimage to Montgomery
The Legacy Museum
&
National Memorial for Peace & Justice

MARCH FOURTH

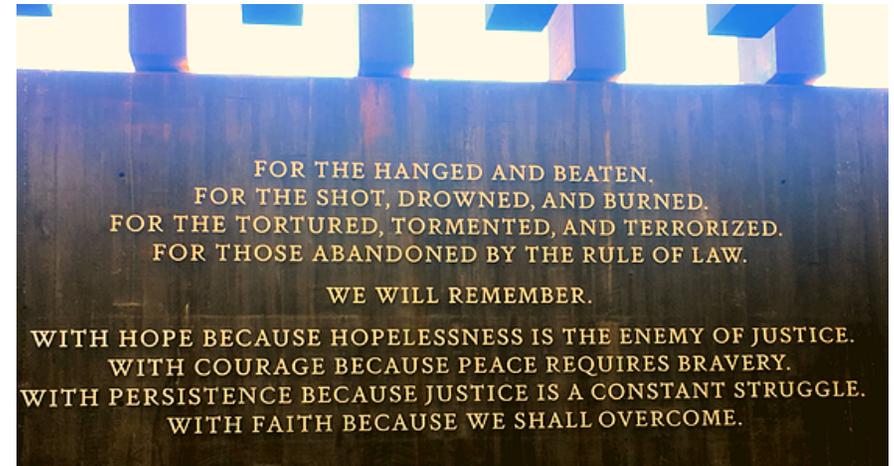

The Tampa-Hillsborough EJI Remembrance Project Coalition has been working since January of 2020 to answer a call to action of Bryan Stevenson and the Equal Justice Initiative. As a coalition and a region, we have acknowledged and raised awareness about the history of racial terror in our county. This process included a soil collection and memorial service in remembrance of those who died as a result of racial terror murders in Hillsborough County.

The next step in this project is the delivery of the Tampa soil to The National Memorial for Peace and Justice in Montgomery, AL.

The Legacy Museum: From Enslavement to Mass Incarceration

The Legacy Museum provides a comprehensive history of the United States with a focus on the legacy of slavery. From the Transatlantic Slave Trade and its impact on the North and coastal communities across America through the Domestic Slave Trade and Reconstruction, the museum provides detailed interactive content and compelling narratives.

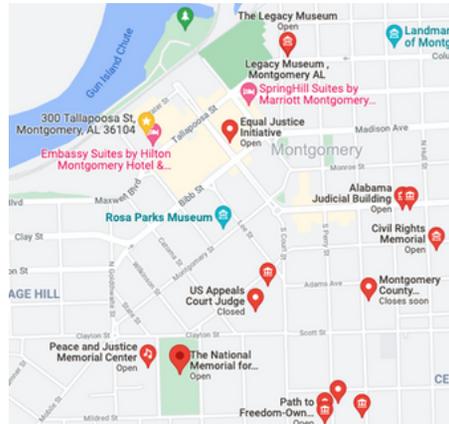

The National Memorial for Peace and Justice

This memorial is the nation's first memorial dedicated to the legacy of enslaved Black people, people terrorized by lynching, African Americans humiliated by racial segregation and Jim Crow, and people of color burdened with contemporary presumptions of guilt and police violence.
